

South Texas College

Quality Enhancement Plan (QEP)

QEP Process Timeline

- March 2007:** The QEP Planning Team met for the first time for an orientation to the QEP Planning Process.
- March-April 2007:** The QEP Planning Team reviewed information on the processes that other institutions followed in selecting their QEPs.
- April 2007:** The QEP Planning Team adopted the process for QEP topic selection.
- May-June 2007:** Website was created to communicate the definition and nature of the QEP. Also, during this timeframe, presentations were made to faculty and staff.
- August 2007:** Held “Stakeholder Dialogue Sessions” concentrating on student learning with 125 faculty and staff during College-Wide Professional Development Day. Additional focus groups were conducted with students at three campuses and surveys were conducted with program advisory committee members. **Ten overarching themes were identified out of the qualitative data.**
- January 2008:** All faculty and staff had the opportunity to vote for their top five QEP themes during College-Wide Professional Development Day.
- March-April 2008:** The QEP Planning Team evaluated each of the top five themes and recommended the QEP topic: **“Improving Success in Developmental Mathematics.”**
- Fall 2008:** The QEP Implementation Team was formed to develop the topic into a viable plan of action. The Implementation Team divided its work into five committees.
- Spring 2009:** The QEP strategies were developed and the Plan was written.
- Summer 2009:** The QEP document was reviewed and edited.
- August 2009:** The QEP was submitted to SACS.
