U	1:00pm - 6:40pm

\*Breaktime is included in expanded time slots

\*Breaktime is included in expanded time slots

\*Breaktime is included in expanded time slots

\*The formula for lecture class time is 50 minutes per week per credit hour. Instructors teaching during time slots that include extra minutes beyond this formula may utilize breaks to equalize the time spent in class.

\*Classes that meet two hours per week or one hour per week should be scheduled as a subset of the times listed for classes in the first column; they should NOT overlap two time slots in the first column.

\*Exceptions may be made for programs that require block schedules.

\*Only classes that conform to the Uniform Times will be entered into the system.

\*Any exceptions to the Uniform Times will require that the Chair present to either the Scheduling Technician or to The Instructional Projects Manager his/her Dean's approval for the exception.

\*MW daytime classes can be scheduled in the new classrooms on the TR schedule with the Dean's approval.
