

Articulation Agreement

South Texas College

and

Lamar University

This formal Articulation Agreement (“Agreement”) is entered into by Lamar University (“LU”), an institution of higher education, whose main office address is at 4400 MLK Parkway, Beaumont, TX 77710, and South Texas College (“STC”), public institution of higher education, whose main office address is at 3201 W. Pecan Blvd., McAllen, Texas 78501. By this Agreement, effective on 7/9/2019 12:00 AM, LU and STC, individually known as a “Party” and collectively known as “Parties” or “Institutions”, express a shared commitment to increase opportunities for student access to, and success in, higher education. By clarifying transfer policies and procedures that assure articulation between programs, the Institutions seek to forge a seamless transfer from the associate to the baccalaureate degree.

General Provisions and Terms

1. Purpose. This Agreement formally recognizes that both Institutions are active educational partners, committed to providing greater educational opportunities and services for students transferring between Institutions. Student benefits include: scholarships, joint admissions, and Honors College. This Agreement will also permit eligible and interested students to transfer certain course work from LU to STC to complete requirements for the associate degree issued by STC. This process is called reverse transfer or reverse articulation.
2. Transfer of Credit. The Institutions will develop agreements by major which will clearly delineate courses to be taken at STC and those to be completed at LU. These specified, individualized degree maps will be between the Parties in service of the students who choose to participate in these plans. These degree maps will outline recommended courses toward a degree at LU for STC students and specify the number of credits from STC that are transferable to LU degree programs. These degree maps shall be developed by each Party and incorporated for all purposes into this Agreement as Addendum(s). (See Addendum(s))
3. Reverse Transfer. In order to facilitate the reverse articulation of credit to eligible STC students who transfer to LU prior to earning an associate degree at STC, the Parties agree to encourage the reverse transfer of credit from LU to STC in order to allow said students to complete requirements for an associate degree in accordance with Texas Education Code, Section 61.833. In accordance with the requirements of Section 61.833 of the Texas Education Code, LU shall notify its matriculated students of the reverse transfer opportunity at STC and request authorization from the student for LU to release the student's academic course information to STC for the purpose of determining whether the student has earned the required credits for an associate degree offered by STC;
 - c. Upon its receipt of a student's signed consent, LU will provide STC with information on transfer students to help STC officials determine students who could benefit from reverse transfer of courses and STC will provide LU with information about degrees awarded as a result of reverse transfer, subject to applicable state and federal laws.
 - d. Upon its receipt of LU transcript information, STC will conduct a degree audit of each eligible student and evaluate all coursework that may apply to the completion of the student's associate degree at STC. STC will notify each student that he or she is eligible to receive an associate degree and eligible to participate in STC's graduation ceremony.
 - e. STC will collaborate with LU on the services listed above, provide the necessary contact information for students, and report any problems or challenges to the designated LU representative in a timely manner.
 - f. Separate academic records for students will be maintained at each institution.
4. Data Sharing. STC and LU agree to exchange data that will contribute to the maintenance and improvement of these transfer arrangements and promote effective cooperation between the two Institutions and agree to protect students' privacy and guard against the unauthorized release of identifying student information and records in accordance with the Family Educational Rights and Privacy Act (FERPA), and comply with all applicable requirements regarding data sharing and storage of student records.
